28th March 2017

Dear Parent/Carer,

**HMie Return Visit**

In January we welcomed HMie on a return visit to Chatelherault Primary School. They were coming to review the progress we had made since their original inspection in 2013 and follow up visit the following year.

In the two years since their last visit we have all been working hard on the areas which had been identified. All staff have been committed to improving the outcomes for all of our learners and our children have embraced increased opportunities to be more actively involved in setting personal learning targets and engaging in dialogue with staff and parents about learning.

You will read in the updated letter about the good progress we have made and more importantly about the progress we are continuing to make. A huge part of our success is our partnership working with our parents and carers because we all want the very best for our children and have very high expectations.

As we look towards next session we hope that as many parents and carers as possible will be part of our improvement journey, so please come along to our planning hour on Monday 24th April 2017 at 6pm.

On behalf of Miss Burns, Miss McDonald and I, we would like to say a huge thank you to our fabulous team here in Chatelherault who have worked tirelessly to ensure that we go from strength to strength.

I hope you all have a lovely Spring Break.

Kind regards

Lesley Winters-McCann
Head Teacher
